

# Our Mission

The Orange County Asian and Pacific Islander Community Alliance, Inc. (OCAPICA) was established in 1997 with the mission to build a healthier and stronger community by enhancing the well-being of Asians and Pacific Islanders through inclusive partnerships in the areas of service, education, advocacy, organizing, and research.

# Who We Serve

Annually, OCAPICA serves over 80,000 people in more than 20 languages across Orange County.

# Why We Serve

Orange County is home to the third largest Asian American Native Hawaiian and Pacific Islander (AANHPI) population in California and the United States. From 2010 to 2020, the number of AANHPIs in OC grew by 47%. To respond to the growing needs of AANHPIs in Orange County, OCAPICA aims to create more equitable access to holistic services that serve the whole person and the whole community.
